The QUICK HOW-TO

For your WEN Video Unit

Created by
Summer Wasson, WEN Video Scheduler
Wyoming Department of Education
www.k12.wy.us/wenvideo/

MAKE: Tandberg
MODEL: 880 MXP

Terminology:

Codec – pictured above. This is a “coder – decoder” – it is the “brain” of the WEN Video Unit.

Monitor – the television that the Codec is set on top of.

Remote – the Tandberg Remote that controls the Codec, or your WEN Video Unit

Network Cable – the cable that connects the Codec to the network – it will look like a phone cable, but has a wider jack.

To Receive a Video Call:

Make sure the Codec is turned on. Press the power switch on the back of the unit. When the Codec is turned on, a green light will appear on the front of the unit. The Codec will perform a self-test by swiveling the camera. If the Codec is on the top of a television, make sure the television is turned on also.

*** It is recommended to leave the Codec turned on at all times – however, it can be set to “Standby” when not in a call. The TV Monitor may be turned off. All Codec units have been configured to auto-answer an incoming call, and Mute.*

Remote Basics:

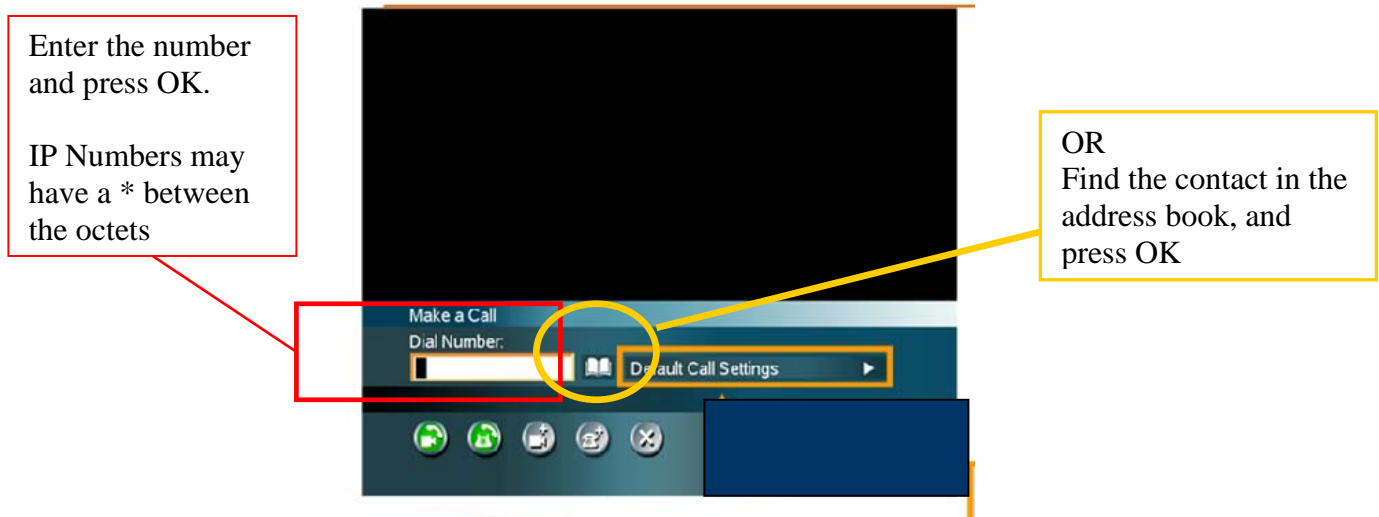

To Make a Video Call:

Make sure the Codec is turned on (it should always be on). Press the power switch on the back of the unit if not. When the Codec is turned on, a green light will appear on the front of the unit. The Codec will perform a self-test by swiveling the camera. If the Codec is on the top of a television, make sure the television is turned on also.

Press the Green Phone icon on the Tandberg Remote. This will open the Make a Call dialog box on your TV monitor. You may enter the E.164 Number or IP Number of the end point you would like to call.
[E.164 looks like: 555000 IP looks like: 207.68.183.85]

There are several ways to make a call to another end point. If you do not know the E.164 or IP Address, there should be a listing in the Address Book. If you are unsure, please locate your local school WEN Video Scheduler for help. If they seem to be unavailable, please call the Help Desk.

After the call has ended, please turn off televisions.

MORE TRAINING:

One-to-One Training is available – please call to make an appointment at least one-week in advance at: 307-777-5657 or email wenvideo@educ.state.wy.us
